FINDLAY COLLEGE

GENERAL INFORMATION

HISTORY

THE first steps toward the establishment of this institution were taken in Findlay, Ohio, during the sittings of the General Eldership of the Churches of God, in May 1881. This body then met triannually, now quadrennially, and is composed of ministers and lay delegates, appointed by the various annual Elderships throughout the United States. The question of founding an institution of learning had been agitated for a number of years, but nothing permanent had been agreed upon. A special session was devoted to the consideration of this project. The discussions were animated and unanimously in favor of a college; several thousand dollars being at once subscribed for such a purpose. It was then decided; 1st, That the General Eldership proceed to secure a school; 2nd, That agents be secured to canvass the church for money; 3rd, That the Board of Education visit different localities and decide upon a place for locating an institution of learning. This Board was composed of five persons:—R. L. Byrnes, J. M. Cassel, D. Blakely, J. S. Grable and J. M. Carvell. The citizens of Findlay offering ten acres of ground and \$20,000 secured the location of the College for this city. The Executive Board met in Findlay January 25, 1882, to carry out the acts of the General Eldership. This Board was composed of five persons:—Geo. Sandoe, C. H. Forney, W. B. Allen, J. H. Besore and T. Koogle. They, having as advisory members, the Board of Education and three citizens of Findlay—A. C. Heck, G. F. Pendleton and J. Strickler, decided that the name of the school should be "FINDLAY COLLEGE," and that Findlay College be located at Findlay, Hancock County, Ohio, on the site selected by the Board of Education. The powers of the Corporation were defined, and Articles of Incorporation were adopted. They elected incorporators, fixed the time of their first meeting, and recommended persons to be elected as Trustees.

On the 28th of January, 1882, the College was incorporated. This corporation held a meeting for the election of trustees, February 8,

1882, resulting in the choice of David Cory, John Ruthruff, A. C. Heck, Samuel Howard, Aaron Blackford, Isaac Steiner, Thomas Metzler, Elija P. Jones and Eli DeWolf, of Ohio; Isaac Frazer, S. H. Redsecker and J. F. Stoner, of Pennsylvania; and R. M. Paige, of Indiana. Issac Frazer was elected President of the Board of Trustees; E. G. DeWolf, Secretary, and E. P. Jones, Treasurer.

The College has endured the trials incident to a young institution beginning without endowment. But since 1897 it has been conducted on the income from tuition, endowment interest and gifts, and has added to its endowment several thousand dollars, besides the debt against the school has been cut down to a few thousand dollars. Confidence is yearly increasing in its financial standing and its management. The friends of the school are arranging to make bequests to provide for a larger endowment. The outlook for the College is bright and its work is approved by the church which established and supports it.

IMPROVEMENTS

A steam heat plant has been installed so that halls and rooms are well heated in the coldest weather. The ladies toilet has been refitted and a new room in the basement has been fitted up with toilet and bath for the men. The Y. M. and Y. W. C. A. rooms have been refurnished, and many other improvements made to make the student's life comfortable and home like.

COURSES

The College offers three regular and eight special courses. These courses have been planned to meet the wishes and needs of different students. The College recognizes the fact that the same studies and the same courses are not suited to all minds, and that different powers are possessed by different students, and that these call for a diversity of instruction. At the same time the College has been led to observe that the student needs guidance, and that the guidance can best be obtained by pursuing one of the regular and systematic courses. The student is free to select that course which seems best suited to his talents and aim in life.

BOARDING AND ROOMING

The College does not furnish board, but the faculty will render all possible aid to non-resident students in securing places of rooming and boarding. When students board in private families they must procure the approval of the President, and will then be expected to conform in general to the regulations of the family with which they may have their

residence. Families receiving boarders, whether in clubs or otherwise, will be expected to co-operate with the authorities at the College in promoting the interest and welfare of students thus associated with them.

The aim will be to throw around all students such an influence as will make them feel at home, at the same time to protect them from all temptations to vice or immoral conduct—so make children feel at home and parents feel secure.

Students can procure board in private families, including room, light and fuel, from \$2.50 to \$3.50 per week.

Board in clubs can be had for \$1.50 to \$2.50 per week, room rent not included.

Room rent will be as follows:—Unfurnished rooms per month \$1.00 to \$1.50; rooms furnished with tables, chairs, bedstead and stove, 50c per week; rooms furnished throughout and cared for, 75c per week. Weekly rates are per capita, and contemplate two occupants to a room.

Rooms can be had for self boarding, and those who desire to do so can in this way room and board at rates yet lower than those above mentioned.

GOVERNMENT

The regime of the College aims to secure the highest good of all concerned. With this end in view no student is denied any privilege that can be consistently granted, and which is compatible with his work as a student; he is allowed every legitimate means of attaining the end contemplated in the College course. On the other hand, the discipline of the College aims at such regulations of the habits of study and deportment of the students as will be conducive not only to a proper standard of workmanship, but also to the highest possible standard of moral integrity—the highest type of pure manhood and womanhood. Discipline necessarily involves the two elements of instruction and regulation. All students connected in any way with the College are subject to the rules and regulations thereof, and are amenable to the faculty at all times and places while retaining their membership in this institution.

RELIGIOUS INFLUENCE

Findlay College aims at the developement of the entire man, and recognizes the culture of the heart as an essential factor in this work. The Faculty is composed of Christian men and women, who, by precept and example, endeavor to lead their students to a love of truth and a desire for vital piety.

All literary students are required to attend devotional exercises in the College Chapel daily, and Church and Sabbath-school regularly, either at the College, or at such other places as may be selected at the begin-

ning of each term by the student or parents. And as there are twenty-four churches and Sabbath-schools in Findlay, ample opportunity will be afforded for all regularly to attend Divine Worship.

Students' prayer meetings and Bible Classes will be organized at the beginning of each college year, under the direction of the Y. M. and Y. W. C. A. which, during the years past, have been well attended, and have developed a good degree of interest, and the regular weekly church prayer meeting at the College is accessible to all who care to attend.

LITERARY SOCIETIES

Excellent opportunities for culture in composition and debate, public speaking, criticism, and parliamentary usage, are afforded by the literary societies.

Two societies are in successful operation, conducted by students under the general regulation of the College—the Peranian and Aristotelian, for ladies and gentlemen. These societies have large halls 40 x 50 feet, well lighted, heated and ventilated, and elegantly furnished. Meetings are held regularly every Monday evening to which visitors of both sexes are admitted.

SELF-HELP

The student who has small means will find opportunity to help himself by work of various kinds. Some students maintain themselves by setting type and running the press in the printing office. Other work will be provided as means are secured.

A self-help fund has been started, to which gifts are solicited.

ADMISSION

The College in all its departments is open to students of either sex.

All applicants to enter any department must present testimony of good moral character.

One who comes from another institution must submit a certificate of honorable dismissal, signed by the president or secretary.

Students entering for advanced standing will be required to pass an examination in all studies previously pursued by the class they wish to enter.

Grades from colleges in good standing will be accepted, subject to the proper adjustment to our courses.

WITHDRAWAL

It is required as a condition of dismissal in good and honorable standing, that every student wishing to withdraw, shall submit such request to the faculty in writing.

FEES

Tuition is \$10.00 a term. Physical Laboratory, Advanced fee per term, \$2.00. Physical Laboratory, Advanced, deposit fee for breakage, \$1.50. Physical Laboratory, Elementary, fee per term, \$1.50. Physical Laboratory, Elementary, deposit fee for breakage, \$1.00. Chemical Laboratory, fee per term, \$3.00. Chemical Laboratory, deposit fee for breakage, \$2.00. Botanical and Zoological Laboratory, fee per term, \$1.00.

College Department—Diplomas, \$5.00. Special Department—Diplomas, \$3.00.

Expenses per term may be summarized as follows:—

Tuition	-	-	-	-	\$	\$10.00
Board	-	-	-	-		25.00 to 35.00
Room Rent	-	-	-	-		6.00 to 10.00
Fuel, Light, Washing, Etc.	-	-	-	-		3.00 to 5.00
Books and Stationery	-	-	-	-		3.00 to 5.00

Total expenses per term will vary from \$40.00 to \$75.00, or from \$120.00 to \$180.00 per year. Students may reduce these rates by economy, or they may increase them by spending more money than is actually necessary. Tuition is payable one term in advance.

UNDER-GRADUATE COURSES AND DEGREES

The College offers the following courses of study of four years each:—

1. Three courses leading to the degree of Bachelor of Arts.
2. A course leading to the degree of Bachelor of Divinity.
3. A course leading to the degree of Bachelor of Pedagogy.
4. A course leading to the degree of Bachelor of Music.
5. A course leading to the degree of Bachelor of Oratory.
6. Six courses that, when completed, will entitle the student to a diploma, but no degree.

POST-GRADUATE STUDIES AND DEGREES

Post-graduate study is permitted to graduates of this College and other institutions of equal standing, and degrees will be recommended under the following conditions:

MASTER'S DEGREE

The Master's Degree will be conferred on all those who have taken the Bachelor's degree in this college, or in any other reputable college or university, on the following conditions:

1. The candidate shall have spent one year in a course of post-graduate study marked out by the Faculty, pass satisfactory examinations at

the College in the course of study pursued, and present a satisfactory thesis.

2. The same degree will be conferred upon those graduates of three years reputable standing who give evidence of having been engaged for at least two years in study and reading under the advice of the Faculty, and who have presented a satisfactory thesis upon some assigned subject. This privilege is restricted to graduates of this College.

Applicants for post-graduate study will receive full information as to the courses by applying to the President of the College.

SPECIAL STUDIES

It is a general requirement that all students shall pursue one of the regular courses leading to a degree. But those who are prevented by peculiar circumstances from pursuing all the studies of a course may, by permission of the Faculty, pursue certain studies for which they are especially qualified.

PRIZES

The Avey prize of One Hundred Dollars is offered by W. A. Avey, for the best orations given during Commencement week at an Oratorical Contest.

There shall be four contestants chosen by a preliminary contest as arranged by the Faculty.

The rules of the Contest are:—

1. The orations shall be original in thought and individuality.
2. The orations shall consist of not less than 2000 nor more than 2500 words.
3. The prizes shall be awarded by five distinguished judges, chosen from different professions, two by the Faculty and three by the contestants.
4. They shall judge of subject, subject matter, style and delivery. Delivery shall count 40 per cent, each of the others 20 per cent.
5. The contestants shall furnish each judge with a type-written copy of his oration at least one week before the contest.
6. Conviction of plagiarism within two years shall work forfeiture of the prize.

GYMNASIUM

Findlay College believes in physical education, not merely in physical development. The aim of this department is, therefore, not merely to develop great athletes, but to educate the body that it will best serve the heart and mind. The Gymnasium is on the first floor of the College building. A new and well equipped toilet room with shower baths has been fitted up in the basement.

NORMAL DEPARTMENT.

H. H. Rangeler, M. S., Principal.

Two courses, comprising five years' work, are now offered in the Normal Department.

Teachers' Preparatory Course.

This course (three years) is designed for students who wish training in the Common and Secondary studies, and in the elements of the science of teaching. The first year's work is especially adapted to those whose knowledge of the Common branches is limited. Admission will be granted to all young people of good moral character and average attainment in the elementary subjects.

Professional Course.

This course (two years) is designed to develop the science and art of education and to furnish a thorough study of the secondary branches. It covers all branches required for High School certificates in the State of Ohio. The requirement for admission is the Teachers' Preparatory Course or its equivalent. On completion the degree Bachelor of Pedagogy is awarded.

Summer Normal.

A Summer Session of six weeks is held each year. Students are permitted to take up as electives any of the common branches, both review and advance work, and whenever the demand is sufficient classes are formed in the higher branches. Full credit is given in the departments of the regular College for all grades made during the summer school. Tuition varies in proportion to number of studies taken.

THEOLOGICAL DEPARTMENT.

This department is under the special direction of the President, Rev. C. I. Brown, A. M., D. D., and Rev. Frank K. Baker, A. M.

Findlay College is the gift of the Churches of God to the rising generation, and the chief object of the giving was that the children of the Church might have Christian training under the influence of the Church, and that those preparing for the Gospel Ministry in the Churches of God could be educated by the Church.

COURSES OF STUDY

In this department there are two courses, the Ministerial and Theological. In the Theological course the student takes his work in the Classical course until he reaches the Junior College year. But the last two years are devoted entirely to Theological work. Students who complete the Theological course receive the degree of Bachelor of Arts. On the completion of this course the student may pursue a two years' post-graduate course leading to the degree of Bachelor of Divinity. For the schedule of Theological study see pages 14-15.

For students who cannot take the Theological course the three years' Ministerial course has been provided. If there is a deficiency on the part of the student in the common school branches, however, an extra year must be devoted to this work before taking up the course. On the completion of the Ministerial course the student will be given a certificate of work done.

FINANCIAL AND OTHER AID

Aid in securing remunerative work will be given students, as far as practicable. Those who first make application are the ones favored. Some of the Annual Elderships have rendered financial aid to young men coming from their own states. Others have received direct aid from their friends or from friends of the College. All will be done that is possible to aid those who are preparing for the ministry.

SCHOLARSHIPS

Through the generosity of friends of the College, and in order to aid in the education of young men and women, a number of scholarships have been endowed in the sum of one thousand dollars, unlimited, and some limited scholarships in smaller amounts. A majority of these scholarships, while remaining private property of those who have purchased

them, have been tendered to deserving students. These cover all cost of tuition and have thus proved a help to worthy and self-dependent students. The scholarships which have been thus in use during the past year are as follows:—Taylor, Martha Wertz, Schrader, Ayers, Bolton, Henderson, Forney, D. Wertz, and Elizabeth Brandt.

PRACTICAL WORK

We seek to prepare young men and women for effective Christian service. We give special prominence to the English Bible and practical work. Our Y. M. and Y. W. C. A., Y. P. S. C. E., W. M. S., the Children's Band, the College Sunday School, the Mission School, and frequent calls to neighboring churches, give excellent opportunity for practical work in the Ministry, Home and Foreign Missions, and in all local church work.

Assistant in Voice.

LEON WINELAND

Orchestral Director and Teacher of Violin, Viola, Cello, Bass Viol, Harp, Guitar, Mandolin, Cornet and other Brass Instruments.

A pupil of the Berlin Conservatory of Music.

DEPARTMENTS OF INSTRUCTION

I. Course for the Piano.

II. Course for the Organ.

III. Course for the Voice.

IV. Course for the Violin and other Stringed Instruments.

V. Course for the Orchestra and Band Instruments.

VI. Course for Theory, including Harmony, Counterpoint, Fugue, Form and Analysis, and Musical History.

PIANO

All students of the Piano are required to pursue the most thorough modern system of technical training practicable, special attention being given to hand formation, the cultivation of touch, interpretation, correct musical taste and the attainment of an artistic delivery. To this end rhythm, phrasing, musical form, treatment of modulation, syncopation, suspension and the use of the pedal is discussed. Beginners and those not far advanced are especially welcome, as they possess few or none of the erroneous ideas and bad habits which are so easily formed by incor-

rect teaching, or by careless practice, and which prove, in many cases, almost insurmountable obstacles to high culture. They, therefore, receive more rapidly the correct fundamental principles, and can, as a rule, make steady and rapid progress, uninterrupted by the tedious process of unlearning bad habits which retard the advancement of those less fortunate. Selections are made from the best classical and modern compositions.

VOCAL CULTURE

A correct technical foundation is as necessary to the singer as to a pianist, and students in Voice Culture will be expected to give special attention to the formative period of the work. Careful and thorough training in vocal technic insures a safe and adequate basis for advanced work in the art of singing, to this end the best and most advanced methods, culled from the greatest authorities are employed. Each individual voice is given particular attention, its needs and its faults receiving special treatment. In other words, the method (much abused term) is adapted to the requirements of each individual voice, keeping in mind always the great underlying principle of the true art of correct singing.

After the foundation is laid, the pupil may advance gradually and with safety into the realm of song and the art of interpretation, so fascinating to the artistic temperament. Various studies are employed to this end, both oral and written. Those who are not gifted by nature with unusual voices should not despair if they wish to learn to sing, for often our best singers are those to whom nature had given only an average voice, while frequently the one with the wonderful voice accomplishes nothing or only reaches mediocrity. The ability to absorb the teaching, the talent for application to the work, and above all the artistic temperament, are of as much importance as the natural voice.

THEORY

The course in Theory embraces four terms in Harmony, two terms in Ear Training; four terms in Counterpoint, Imitation, Canon, and Fugue; four terms in Form and Analysis. Text-books—Harmony: Clark, Prout; Counterpoint, Imitation, Fugue: Clark, Prout; Form and Analysis: Goodrich.

HISTORY OF MUSIC

All students are required to take at least one year of Musical History. No student can intelligently render any composition unless he is familiar with the life and characteristics of the composer, and knows something of the period in which he lived. The class will meet once each week. Text-book: Mathew's History of Music.

ORCHESTRAL DEPARTMENT

This department under the direction of Prof. Leon Wineland, a pupil of the Berlin Conservatory of Music, is doing work of a high order, and equal to that of any other school. The very best methods are used, including Schrodieck's three books of technic for the violin, Kreutzer's 40 studies, Fiorilla's and Givina's technic and Joachim's new school for the violin.

As no instrument is so capacious or diversified in its character, and no one so entirely dependent in every particular on the conception of its manipulator as the violin, it will be at once seen that thorough and careful training is necessary to become a good violinist.

In this department all stringed and brass instruments are taught in the most systematic and thorough manner; bad habits are corrected and correct habits established. The orchestral and sight reading class meets daily, to which all regular students are admitted.

PIPE ORGAN

Aside from the position the organ holds as a means of culture, there is a growing demand for good organists in churches as well as in schools. The plan of work provides for thorough training in all that pertains to a mastery of the organ for Church and Concert use, including special exercises in playing Church music and voluntaries, drills in technic and registration. The course is arranged to give a knowledge of the different schools of organ music as represented by the best composers of each. There is a fine Estey two-manual organ in the College on which lessons are given, and on which students may practice.

PIANOS

The Conservatory is furnished with high grade pianos—the Voice Studio with one and the Piano Studio with two pianos each. An A. B. Chase Grand has just been purchased and placed in the College Chapel for use in all public recitals.

ORATORIO CLASS

The Oratorio Class will meet once each week. Members will be admitted by examination. A fee of fifty cents will be charged in addition to the expense of the music used.

RECITALS

Public Recitals will be given once each term. Preceding each public recital there will be a full rehearsal before the Conservatory Faculty. Private recitals will be given every two weeks. All pupils are expected to attend these recitals regularly, and perform whenever requested by the teacher. These performances give pupils great freedom before the public, and also give them confidence in themselves.

ARTISTS' RECITALS

It is the purpose of the Conservatory to give one Artists' Recital each term. For these recitals each pupil will be charged fifty cents, as a part of his tuition to be set apart as an Artists' Recital Fund, and in return for which he will be given two tickets of Admission.

RULES AND REGULATIONS

Pupils are urged to be present at the beginning of each term.

All pupils must personally enroll with the Director,

Excuses for lessons missed will not be granted by the individual teacher, but by the Conservatory Faculty.

No lessons missed by pupils will be made up except in case of sickness, when more than two lessons in succession, are missed, in which case the loss will be shared equally by the Conservatory and pupil.

Lessons occurring on National holidays will not be made up.

Pupils are required to pay their tuition to the Secretary of the College strictly in advance.

Pupils will not be permitted to take part in any public program without the consent of the Conservatory Faculty.

All pupils of assistant teachers must have at least one year's work with the Principal of the Department from which he wishes to graduate, in addition to the regular work with the assistant teacher.

FREE ADVANTAGES

One lesson in Ear Training will be given each week to Theory pupils.

All advanced Piano pupils will be admitted to the Symphony Class, conducted by the Director, which meets once a week for an hour's drill in sight reading.

All Conservatory students, and students of the College will be admitted to the Vocal Sight Reading Class which meets once a week.

GRADUATION

Diplomas will be granted to those who complete the course in Voice and Theory, or any one instrument and Theory. Three years at two lessons per week are required in Theory, and from three to four years in Voice or Instrumental, owing to the degree of proficiency at the time of beginning and the advancement made. Candidates for graduation on Piano must give a public recital of standard works and play a Concerto, with orchestral parts played on a second piano, at the Commencement Exercises. Graduates in Voice must give a public recital of standard works, including selections from the classic song writers and standard oratorios.

The Conservatory Faculty and the President of the College shall con-

stitute a Board of Examiners, and no pupil shall graduate unless he proves to the Board, by his or her recital, to be worthy of graduation.

MUSIC

All music that pupils require from time to time will be supplied by the teacher at reduced rates.

All sheet music accounts must be settled at the end of each term.

SCHOOL OF EXPRESSION.

Edwin D. Williams, Instructor.

ADMISSION

All students entering this course must satisfy the Faculty as to their practical acquaintance with the common English branches.

VALUE OF THE WORK

Every person now admits the importance of being accomplished in some line of study in order to be received more rapidly into society, and to be more useful in life. As an accomplishment Elocution has its place beside the great arts. Few entertainments are now complete without a Reader. Beside, the study of Literature from the standpoint of Elocution gives good forms of sentences, good grammar, good rhetoric, a good vocabulary, and fills the mind with the best thought. These constitute the foremost of accomplishments. Besides, Elocution trains for good, expressional, and thoughtful reading, and as a fine art has no superior.

METHOD OF INSTRUCTION

A Method of Instruction is very much superior to a System; as a System implies pre-arranged plans of work, and must be gone through with whether the student needs that kind of a drill or not. In fact to follow a System is to attempt to make one cloak fit all individuals. To follow a System is to destroy, to a great extent, the student's personality. Some students need drill along one line of work, and others in an entirely different direction. To use a Method allows us to develop the student "roundly," preserve his individuality, and give force and strength to all his being.

PHYSICAL CULTURE

The object of Physical Culture, in connection with Elocution and Oratory, is to develop the different parts of the body so that it becomes a perfect instrument for the manifestation of the thoughts and emotions of the speaker. It also serves other purposes: namely, the promotion of good health, by developing muscular and nerve strength, and the acquiring of perfect control of the body. In this way dignified and easy grace of manner is secured, and all appearance of self-consciousness is avoided.

VOICE CULTURE

The object of Voice Culture is to secure control and durability of the voice, together with sympathy, mellowness, elasticity and pureness of tone. The method pursued is founded upon scientific principles that experience has proven will develop the voice to its best possibilities. A voice properly developed can be used from four to ten hours daily. Huskiness and hoarseness are the results of improper use of the voice.

ORATORY

It has become a recognized fact that he who expects to rank high as a public speaker, whether at the bar, in the pulpit, or elsewhere, should make a study of Oratory. Simply studying the classics and sciences never made an orator. The study of Oratory develops and brings into harmony the intellectual, the emotional, and volitional faculties, and also develops the voice and body so they will readily respond to the mind, and manifest the mental impressions naturally and clearly.

RECITALS

Recitals are given in which students of the Department are expected to take part. Plays from Shakespeare are given which afford opportunities for dramatic work. The study of the dramatic is given a prominent place in the course because of its value as a means of personal culture. In it we find one of the greatest sources of expressional growth and use it as such.

RULES AND REGULATIONS

No lessons missed by students will be made up except in case of sickness, or at least one day's notice has been given.

Students are required to pay their tuition to the Secretary of the College strictly in advance.

GRADUATION

Students graduating from this Department must have completed, at least, the Preparatory course of the College, or a High School course, or their equivalent, before a diploma will be granted.

TUITION

Per term, private, 60 cents per lesson. Private lessons, less than a term, per lesson, 75 cents.

DEGREE

The degree, Bachelor of Oratory, is conferred on those who complete the full course of four years.
